## **Electronics & Telecommunication Engineering**

### **Industrial visit for Electric Substation**

**Date: 18<sup>th</sup> August, 2025**

I had the opportunity to visit an electric substation as part of an industrial visit. The purpose of the visit was to gain practical knowledge and insights into the operation and maintenance of electric substations.

#### **Aim of Industrial Visit:**

- 1) Bridge the Gap between Theory and Practice.
- 2) To expose students to industry practices and technologies.
- 3) To provide students with practical experience and hands-on training.
- 4) To develop students' skills and knowledge in their chosen field.
- 5) Support teamwork between the industry and academic Institute.

#### **Details of Journey:**

The Department of Electronics & Telecommunication Engineering organized an Industrial visit for the student of 3<sup>rd</sup> & 5<sup>th</sup> semester 2025-26. The total number of students was 30 accompanied by two assistance professor Prof. Pathare A.B. & Prof. S.A. Gaikwad.

#### **Personal Involved:**

Mr.Jayesh Tiwari – (Assistant Engineering)

Mr. Bhausaheb Avhad – (Principle Operator) , Mr. Santosh Jakate – (Operator)

Mr. Aninath Pote – (Line Staff)

Well trained guide to our Student.

#### **Vote of thanks:**

Vote of thanks by Prof. Mr. S.F. Jadhav, Sr. Lecturer of Mechanical Engineering Department, to Assistance engineering, Principle Operator & Line Staff who have directly or indirectly supported the students to make the trip more successful. The visit closed at 2.00 P.M. It's a wonderful trip to the students which has given real time exposure to the students
